Friday 13th December 2013

Dear David,

It was an absolute pleasure to have your dance group Masti perform at the Bollywood themed end of year event for Kellogg Joint Venture Gorgon - Chevron Thursday 12th December 2013. The evening was a complete success and both the client and we at Focus Promotions were absolutely delighted with you and your dancer's performance.

The added addition of having your dance group act as both a welcoming committee and also a dance group created an atmosphere that really celebrated the cultural significance that the client was aiming to emulate.

On behalf of Focus Promotions we thank you and the Masti dance group on a job well done.

Regards,
